Subject: Approval of the Task Order #033 Completion Report

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has reviewed the above-referenced document prepared by the U.S. Department of Energy (U.S. DOE) which is dated September 2001. The document summarizes the results of activities completed under Task Order No. 033, which addressed decontamination and dismantlement (D&D) of Building 62 under the miscellaneous small structures D&D project.

U.S. EPA's review of the document focused on assessing the adequacy of documentation of D&D activities and the lessons learned from the D&D activities. The documentation and lessons learned discussions are adequate, therefore U.S. EPA approves the document. Please contact me at (312) 886-4591 if you have any questions.

Sincerely,
